Hi Carl, in checking with our FOIA Officer, she suggests that you contact the person listed in the letter from EPA's National FOIA Office (Roberta White) to clarify that you are seeking information on a PCB Cleanup Site overseen by EPA Region 9 and provide the site address.

We have a protocol for processing FOIA requests. That will get the FOIA Request to the right place for response and a Region 9 FOIA response coordinator will be assigned to take it from there.

Best,
Karen

Hi Karen – I've attached a response letter that was received in regards to a FOIA request for the Wilmington Marine Services site (FOIA request is also attached). I understand from Carmen that you are the project manager for this site. Would you have some time today to discuss this with me?

I can be reached at 415.497.2732.

Thank you,
Carl
